NEXT ISSUE

The March/April 2018 issue will highlight the theme "Education for a New Age". What will the role of education be in preparing for a future in which the Fourth Industrial Revolution prevails and countries are in urgent need of structural economic reforms centering on labor markets? We will introduce a wide range of views from experts on this critical issue for the long-term prosperity of the world. Our next issue will be published on our website on March 9, 2018.
